

City of Beaverton Ethnic Community Gatherings: Eliminating Barriers and Building Bridges

In May and June of 2011 the City of Beaverton, in partnership with local ethnic organizations, is sponsoring a series of gatherings aimed at making the City of Beaverton more accessible to its residents, and in turn, giving greater opportunity for residents to engage in civic life.

South Asian and Southeast Asian Outreach Meeting
Beaverton City Hall, 4755 SW Griffith Drive
Saturday, June 25, 10:00 am – noon
Refreshments and childcare provided!

At this meeting we want:

- 1) To understand what City services people are currently using;
- 2) To inform and familiarize people about resources which are available to them;
- 3) To identify barriers to accessing current services;
- 4) To learn what new resources (programs, services, etc.) may be needed;
- 5) To understand and explore individual understanding of civic involvement and civic engagement.

Many thanks to FACE
(Family and Community
Empowerment), the
Mayor's Diversity Task
Force and other
community partners for
making this event
possible!
